

Vet Direct

Human Licensed and Generic Products

Vet Direct sells a range of human licensed and generic pharmaceutical products. Each month we issue an up-to date price list for these products. We are unable to send you this price list without your prior agreement.

To enable us to send you this list please complete this form and ask your veterinary surgeon if that is not you to sign it. Then fax it back to us using the number below.

Please remember that this is not a contract and that there is no obligation for you to buy.

Don't miss out - sign today!
