Product Specification Sheet

Pharmasafe™ Controlled Drug Destruction Kits - 500ml

Product code: MCDK05L
Pack Size: 2
Size: 500ml

Product Summary

- These kits now fully destroy the drugs compared to similar products on the market that only encapsulate the drugs - a much safer method of drug denaturing
- Patented technology
- No crushing required
- Wide neck for easy fill
- Visible fill lines so it is easy to see where to fill to
- Clear tub means no need to open the lid to check contents or progress
- Very fast acting - turns the contents to a semi-solid gel in just 30 seconds
- Full denaturing process is complete after 1-2 minutes, contents turn green so you know when the process has completed
- Instructions printed on container label to help make the process quick and simple
- Product code printed on container label to make re-ordering hassle free
- Complies with Misuse of Drugs Regulation (1985) amended
- Range of 7 sizes to accommodate many different facilities
